## *Dedication*

The Class of 1952 wishes to dedicate this issue of the Greene Lite to our mathematics teacher, Mary Ellen Mills. She has taught us our math from Geometry to Advanced Algebra and has always been ready to assist us in every way possible. As our homeroom teacher in our Junior year, she helped in all our class activities, climaxed by our Junior Prom. The classes who follow us will find that Miss Mills, in her quiet, efficient way, becomes a part of Greene Central School which will live the longest in the memories of all.

## *Alma Mater*

Oh, Greene, our dear old high school  
To thee we raise our song,  
With all our hearts and voices  
Thy memory prolong  
And often may we hail thee  
Our Alma Mater dear,  
With songs of love and friendship  
Thy noble name revere.

Cheer loud and long for G.C.S.  
High let her banner wave.  
We'll fight to help the Greene High win,  
We'll die her name to save.

## *'52 Greene Lite*

With deep gratitude, the Class of 1952 wishes to express its appreciation to our homeroom and Citizenship Education teacher, George Finnegan. Always ready to help, explain, and offer constructive criticism, Mr. Finnegan will be long remembered as a teacher, football coach, advisor, and friend. Although he has been with us only two years, he has helped to make them the best in our school career.

## *Foreword*

The Class of 1952 takes pleasure in presenting this latest issue of the Greene Lite. In our pictorial review we have tried to show all the classes and organizations which have helped to enrich our last year at G. C. S. In future years, we hope that this book will refresh your memory of activities, friends, and good times at Greene Central School.

The largest Junior Class that G.C.S. has had took over the Senior Study Hall for their homeroom, and pushed the outnumbered Senior Class into the narrow confines of Mr. Finnegan's Social Studies room. We started the year fifty strong but lost two members who left school and three others moved into the Senior Class.

We are proud of our record in school activities. Bob Ceplo, our class President, represented us in three sports, football, wrestling, and track. Jack Najarian won letters in football, basketball, and baseball. Dick Peterson, Ken Chamberlain, Merle Farnham, Tom Beadle, Bert Carr, Bob Scott, and Tom Shafer were our other contributions to Varsity teams.

Our class members held many positions in the Band, Chorus, Student Council, and other school organizations. The girls were leaders in field hockey where our team won the league trophy for the third consecutive year.

During the fall term we ably handled concessions at the football games, discussed the possibility of a Senior trip next year, and ordered our class rings. The winter months found us participating in the varied school activities. In May we sponsored the annual Prom. We hope that the year still ahead of us will be the biggest and best of all.

Greene Central's Varsity five, showed only two wins over Chenango Forks on the plus side of the season's ledger. Always in contention during the early stages of the games, lack of reserve power proved a severe handicap to the team. They never stopped trying, however. Playing their last season were Seniors Armstrong, Smith, and Barton. A strong JV squad gives Coach Blakeslee bright prospects for next year. Barton was high scorer for the season with a 242 point total, an average of 14 per game.

## *Prophecy of the Class of '52*

I, Sterling Silver, private bloodshot eye, was assigned to solve the great mystery of 1970. A prominent member of the class of '52 was missing and it was my job to find him.

Finding few clues of this man's whereabouts, I decided to investigate his childhood at the huge industrial center of Greene, which had become famous for the Moore's Mobile Jet Aircraft which was invented by Leslie Moore. I decided to visit Old Les himself as he had been a classmate of the missing man.

I hailed a Heliocab to fly me across town and much to my surprise I found the pilot was none other than Robert Smith, another person on my list to check. He told me that he had married a pert Irish girl from Indian Brook but had heard nothing of my victim.

As we sped on our way, I glanced down and my eye caught a giant television screen which the townspeople had erected in honor of a local girl who had gone to the big city and made good. This girl was Dagmarnel, known to her classmates as Donnanell Pinguely.

Mr. Smith then announced that we were low on fuel. As we came in for our landing I noticed a sign saying, "BAR-TON'S SUPERSONIC SERVICE STATION." While the tank was being filled I noticed that the nine attendants, who were servicing the cabs, bore a striking resemblance to the owner. Inquiring, I found that all nine were his freckled faced sons.

While waiting, I walked around to get a look at the town. As I rounded a corner, I was confronted by an enormous sign which read "PRATT'S POOL, PING PONG, PARCHESI, PINOCHLE, AND POKER PALACE." Feeling thirsty after my hard days work, I entered the Palace in hopes of getting a cool drink. I discovered that the bartender was Donald Sherwood, another classmate of this missing man. He informed me that several other members of the class of '52 were also employed at this gigantic establishment. Helen Searles as the attractive hostess, Audrey Allis as the shapely torch singer, head dietician, Dolores Wrobel. Delores Connolly, the world-famous typing and shorthand expert was employed as Mr. Pratt's personal secretary. Also employed here was Ruth White the surrealist artist who was redecorating the Palace. None of these people could help me in the solving of my case so I soon left.

Out on the street again, my eye once more sighted a sign. This one was like a large poster which read, "GET B.F. SHOES HERE". Here was a shoe factory and I found that the owner of the factory was Robert "Yo-Yo" Frazier. I entered the factory and met secretaries Arlene Perry and Joyce Hinman who were married to a trumpet player and a shoe salesman respectively. They told me that Richard Carpenter was chief lacer here, Robert Mawhiney was in charge of heels, and Martin Wormsley was foreman of the plant. No clues were available here so I walked out into the fresh air. I was greeted by a blast from a sound truck which kept saying GET SLIM AND TRIM, USE DEABLER'S GYM. The driver pulled over to the curb and I discovered that he was Bill Roberts! While talking with him he mentioned that he was the last person to see the missing man alive! As it was near his lunch hour we sped immediately to Deabler's gym where we encountered a few more members of the class of '52. The first person I saw was Mary McNulty who had just returned from an extended stay in Syria. She along with Joyce Williamson, was vainly trying to lose twenty pounds.

Much to my disappointment I was able to find nothing here so I dragged Mr. Roberts to the place where the missing man had last been seen. This was Cooper's Colosseum where the great Mary Jones, star of stage, screen, and television was making a personal appearance tour with her talented protege, the great make-up artist, Floretta Keyes. While talking with Miss Jones, I learned that Dr. Esther Cohoon, upon her graduation from Cornell University, had enlisted Barbara Sykora and Roberta Ferguson as her aids upon her mission to convert the natives of Ubangi in darkest Africa. I also learned that Donald Dundon who had completed engineering school in three years was now on an expedition looking for the famed undersea city, Lost Atlantis. Suddenly the radio in Miss Jones' room interrupted us, announcing that Congress had just passed President George Finnegan's Peace Plan by a wide margin. No more clues to my Missing Man's whereabouts so I left the Colosseum and walked westward.

I stopped to buy a paper and these headlines jumped out at me: CAROL ELLIOT, THE RAGE OF PARIS, BREAKS SIXTEENTH ENGAGEMENT TO MARRY THE DUKE OF SOUCEBURG, HEIR TO THRONE OF TOGALAND. Then I glanced at the bottom of the page where there was an article stating that the Rowse-Morley bill, advocating Polmangivme had been defeated in Congress today, much to the chagrin of Senator Morley and Representative Rowse.

I turned to the Society page and read that Lulu May Shapley, author of the best-selling novel "BACK ON THE FARM", had just returned from a Carribean cruise.

Now all the members of the class of '52 were accounted for except the missing man. And as I was about to throw the paper away my eye caught a picture on the last page. It was my missing man!!!!!! The caption read, "Ronald Armstrong was proclaimed Mr. Muscles of 1970 in a contest held on the sunny banks of the Chenango River." I immediately contacted him by phone and discovered that he had accepted the male lead in the new Broadway musical production "MUSCLE BOUND".

My case was solved!!!!!!!!!!!!
