1954

THE 1954 *Greene Lite*

Alma Mater

Oh Greene, our dear old high school
For thee we raise our song,
With all our hearts and voices,
Thy memory prolong;
And often may we hail thee
Our Alma Mater dear,
With songs of love and friendship,
Thy noble name revere.
Cheer loud and long for G. C. S.
High let her banners wave,
We'll fight to help the Greene High win,
We'll die her name to save.

Dedication

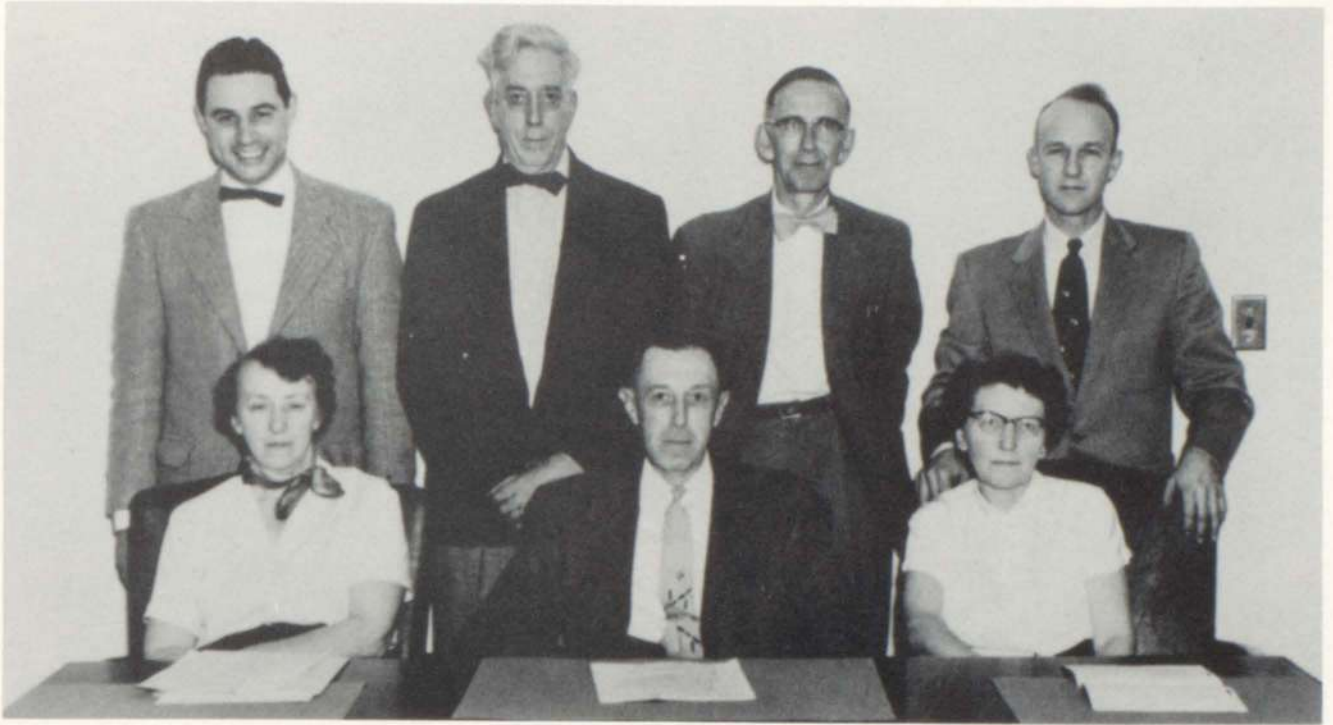

We, the class of '54, wish to dedicate our yearbook to Mr. Doyle, in hopes that in it he may feel a simple expression of our gratitude and high esteem.

Not only has he helped us with our yearbook, but he has assisted in money-making projects, bookwork, extra-curricular activities, and sports.

All of our memories of Mr. Doyle are pleasant ones, and we hope that many other classes may have some of the fine experiences that we have had under his guidance.

1954 --- the year of fulfillment. As we entered the new Greene Central School last January, we paused to pay tribute to members of former Boards of Education as well as to the members of the present Board. Through their untiring and unselfish efforts, we now boast one of the finest school buildings in the state. This appreciation, though it must be brief, is to assure them that their work is noted and appreciated by the students of Greene Central School.

In Memoriam

It is with a feeling of deep regret that we here record the death of one of the members of the Class of '54, Etta Ruth Parks. In her passing the student body lost a highly esteemed member, and the Class of 1954, a well-beloved classmate.

Although Etta Ruth had just finished her Freshman year at Greene, she was one of the best-known girls in school. Her friendly manner and engaging personality won her a ready place in the affections of both students and faculty. Her name will always be linked with those of the members of the Class of 1954.

Last Will Of The Class Of 1954

We, the class of nineteen hundred and fifty-four, being in sound mind and having full possession of our natural faculties, do declare this to be our last will and testament.

To the faculty we bequeath all future senior classes who have the promptness and studiousness of the class of '54.

To the juniors we leave the Senior Study Hall, corridors, and all privileges due to seniors.

Dave Bartlett and Tom Cochrane bequeath their chemistry lab mixtures to Betty Winston and Madeline Collyer. Don Burrows is just leaving.

Guess who gets Alayne Bryant's red hair-----Joyce Lanfear!

Dick Capra leaves his geometry major to Jesse Lobdell.

Ken Ceplo leaves his boyish charm to George Dean.

No! You'll never catch Jeanette Chandler passing out "Peanuts".

Hank Stevens will inherit Marlene Cluff's appendix scar.

Lauren Coddington leaves his bass voice to David Marsh, so he can join chorus.

To Linda Walker and Jean Coddington, Mary Ellen Cohoon gives the accompaniment of vocal music.

Lois Colton and Helen Youngs bequeath their driving licenses to all Driver Ed. students.

Marilyn Conklin leaves peace in class.

Sally Connolly gives her gum chewing to anyone who can keep up with her.

Shirley Hine leaves in her usual quiet way.

Dot Ingraham wills the honor of being the "Belle of Smithville" to Helen Church.

Shirley Ingraham is taking Jim, but she's leaving her support of Oxford's team to Sharon Robbins.

Audrey Jennings bequeaths her homemaking ability to Audrey Bullett.

Mary Ann Kosta wills her blushes to anyone who hasn't got any.

Betty Kummerfeldt leaves her H₂O₂ to Nancy Cowles.

Phyllis Waldon is getting Fred Lanfear's tardiness record.

Phil Lantz is taking all he can with him.

Eddie Jennings leaves his way with Mr. Finnegan to all future seniors.

Chuck Ekstrom leaves his "Casanova" ways to his brother John.

Pepper Hatfield bequeaths her recipe for candied apples to future football concession members.

We give Pat Hayes' party line to Jorette Cochrane.

Yvonne Lantz leaves her love of horses to Madonna Armstrong.

Edie Hibbard gives her archery ability to Kai Madsen.

Bob Hoag won't bequeath that Studebaker to anyone; it's his Dad's.

Kay McNulty was thinking of willing away "the hole in her head", but on second thought decided to keep it.

Stillman Leach wills his wavy hair to Gerry Turner.

Joyce Simpson leaves to anyone who can pronounce them, fellow's names, odd ones.

Bob Lobdell leaves his "teeth" to anyone on the future football team who might need them.

Sharon Ludlam wills her cheerleading tights to Helene Dietrich-----just in case!

Dave McDonald leaves his stock car to Bob Mills.

Marie McLain gives her noise to always echo in the halls of G. C. S.

Dick Parks and Dick Curley will their hotrodding to Toad Cook.

Gunther Motsch bequeaths his physics marks to anyone who might need them.

Mona Peterson leaves her temper to Wayne Sherwood.

We give Carol Seymour's car to Sally Henninge.

Frank Smith is taking his famous name with him.

June Sykora is giving her art of hand-holding in 8th period studyhall to Nancy Harris.

Freddie Aldrich is inheriting Dick Utter's sports record.

David Van Slooten is giving his agricultural knowledge to John Gilbert.

In case a bus breaks down, Frankie Villante leaves his car to G. C. S.

Phil Williamson wills his clarinet to David Cooper.

Bill Wilson bequeaths his romantic ways to Gary Babcock.

To Sally McLaud, Barb Woolley wills her hair.

Walt Burrows is keeping Martha.

Dave Sherwood is taking that grey skirt with him.

Bob Norton leaves his strong arm ability to Nancy Hoag.

Alice Stilwell is keeping her ring, and hopes everyone is as lucky.

Mildred Dietrich and Shirley Eldred leave the Sextette with two less members.

Morris Eccleston gives his car to anyone who dares drive it.

Prophecy Of The Class Of 1954

As we zoomed through space in the year 1999, our atomic powered Space-mobile landed us on a star that has been twinkling over Greene for many centuries. The star reported that Greene was now an enterprising manufacturing city under His Honor Frederick Lanfear, Mayor. Mr. Mayor, with his council, are planning the construction of their new skyscraper school. They decided to award the contract to Robert Norton, whom you will remember as "Flab." This school, when completed, will be staffed by the finest teachers possible including Sharon Ludlam, Kay McNulty, Shirley Eldred, Edith Hibbard, Betty Kummerfeldt, and Mary Ellen Cohoon. The Principal of this ultra-modern school is none other than Lauren Coddington.

We asked George, our friendly star, what the other large buildings were. He mentioned the one on the right as the new hospital under the supervision of Dr. Jones (the Jones boy) who married the head nurse, Pat Hayes. Other nurses are Mary Ann Kosta and Alayne Bryant.

We decided to investigate the thriving metropolis described by our friend George. We landed at the Space-mobile port located on the once well-known Pinnacle. We discovered that these lines are owned by Frank Smith who also conducts an educational class taught by Dave Sherwood, who knows the latest methods in Zygyroscope piloting. We hailed a Heli-taxi, which, we discovered to our amazement, was being piloted by Shirley Hine.

We whizzed by the Lobdell-Wilson Night Club, having time only to see that Barbara Woolley, the famous star, was appearing there, along with the exotic music of Phil Williamson and his Clarinet. Further on, we could see one of the huge factories. George told us that Sally Connolly was now the Secretary to the President of the firm. Others holding important secretarial positions are Shirley Hatfield, Lois Colton, and Helen Youngs.

When we mentioned the team of Bartlett and Cochrane, George told us that Dave and Tom were now universally famous bridge climbers. It seems this sport is now very popular.

Midway through our tour, the reactor began dropping to 4000, and our pilot stopped at the next heliport and asked to have some mechanics service our ship. The manager sent out the two best, Parks and Curley, who completed the job in a matter of seconds. We inquired as to the whereabouts of some of our old chums and were told that Chuck Ekstrom, Frank Villante, Don and Walter Burrows had recently set up a technical research plant located at the new dam which was once, long ago, known as the colossus of Smithville Flats.

Some of the boys owned huge radar-controlled farms, supplying various planets with their products. Among these are Morris Eccleston, Bob Hoag, Phil Lantz, Dave Van Slooten, and Dave McDonald. Yvonne Lantz, of course, is raising many winning horses. Dick Capra is their veterinarian.

Since it was nearly noon, we stopped at a little inn where we had a fine meal. Imagine our surprise to find that the inn was owned by Mona Peterson and Marie McLain. Mona tells us that their success was due to their chef Dick Utter and to their salad maker, Carol Seymour.

When we asked Mona about Eddie Jennings, she told us that he was now a professional wrestler, while Ken Ceplo plays basketball for the Baltimore Bullets. Marie added that the girls were also making their mark in the world of sports. Mildred Dietrich, Joyce Simpson, Marlene Cluff, and Jeanette Chandler had formed a relay team, and now held all the world track records. Mona also told us that Audrey Jennings and Shirley Ingraham were leading very happy and successful lives.

As we left the Inn we noticed that a new shop was opening up across the street. We saw a familiar face, and it was none other than Alice Stillwell. She said that she and Dorothy Ingraham were having their grand opening tomorrow, selling their latest line, Ansco Cameras.

Since it was getting late, we said good bye to our friends and continued to the other end of town where we met June Sykora. June, who sells, space-propelled Jaguars, told us that she received a letter from Gunther Mothsch saying that he had met another classmate in Germany, Stillman Leach who is now a sergeant in the army.

Hastily, George told us that Marilyn Conklin was now Secretary to the Republican minority leader Mike Finnegan. Thus we learned of the success of our classmates, and continued on our trip through the universe.

Musical Activities In G. C. S.

Under the leadership of Mr. Doolittle and Mrs. Harris, musical activities in Greene Central School enjoyed a banner year in 1953-54. The Band, numbering over fifty members, built up an enviable record of service to the school and to the community. Participating in school assembly programs, marching between halves of football games, preparing for NYSSMA festivals and competitions, --- all these are regular items in the year's program. More than this, the Band played two concerts, one in February, one in April, for the benefit of the Greene Hospital.

Expansion of its activities was also continued by the Vocal Music Department. The Senior Chorus continued its excellent work by frequent participation in school assemblies. Many times it was joined by the Junior Chorus which this year exceeded 100 members. The Girl's Sextet performed in school and for many community groups. A Boy's Quartet was formed for the first time. During several music programs in assembly, the combined instrumental-vocal participants numbered 250, almost two-thirds of the high school population.
