

The yearbook is definitely the most practical souvenir of your high school career. The times of serious study as well as those of laughter will be recalled as you turn its pages. You remember old friends and teachers, football games and dances that you never want to forget. The yearbook is a catalogue of memories, a portal to the past. It is an attempt to retain the fond memories of high school, far too good to lose.

ADVERTISEMENTS

C 0 Ś

To Mr. Floyd E. Palmiter, teacher and friend of the students of Greene Central School, we, the class of '63, dedicate our yearbook. With this dedication goes our heartfelt thanks for his fine instruction in mathematics and for the acquaintance of a warm, sincere gentleman who will long remain prominent in the glad memories of our Alma Mater.

MR. BENNETT Supervising Principal

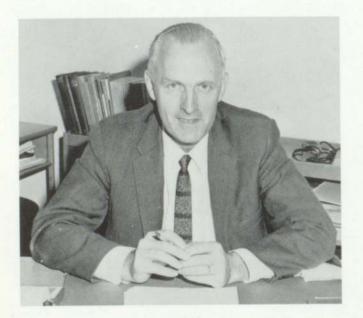

To the Class of 1963

From the day of the horse and buggy to a flight in space has been but a few short years as we think of civilization. In your adult years, many further changes will be made - a trip to the moon for example.

Will you be ready? Take every opportunity to gain knowledge and foresight. The dividends paid will be worth the effort

Best of luck to each of you.

Robert N. Bennett

MR. PEARL High School Principal

To the Class of 1963

The faculty profess its sincere appreciation to the yearbook staff and the class of 1963 for your many contributions to G. C. S.

This book is symbolic of the fine co-operative class effort that has characterized your high school career. May the success which we wish you be always yours.

Andrew W. Pearl

MR. ELDRED Elementary Supervisor

Congratulations to class of 1963

You are ready to begin one of the greatest experiences of a lifetime. We are most anxious that all your "new life" experiences be satisfactory and profitable; and that your leadership in our society will continue to up-grade this civilization of ours.

As each year passes at Greene Central, records are made only to be broken by succeeding classes. The Class of 1963 has continued to follow this pattern.

A fine class, showing exceptional growth throughout the year, culminating in record-breaking final achievements.

The Board of Education congratulates each and every one of you and wishes you continued success in the years ahead.

P.T.A.

SEATED: Mrs. L. Oles, Mrs. R. Fraser, Mrs. E. Bailey, Mrs. P. Martin. STANDING: Mr. W. Evans, Mr. R. Crittenden, Mrs. R. Crittenden, Mrs. D. Buckley, Rev. D. Buckley, Mrs. L. Huttleston, Mr. D. Muzzy.

An old Chinese proverb teaches us that it is better to light a candle than to curse the darkness.

You, graduates of 1963, live in a stirring time far removed from the world we knew. From your readings in American History you have learned about many noble experiments in America. I would include the P.T.A. in any listing ever made. This organization involves the great trinity of public education - the parent, the teacher, and you, the student. It cleaves to no single social level and kowtows to no caste determined by economic profit. Its goal is better students taught by better teachers in better schools. That's the American way - to try to provide you, our finished product, more than we ourselves had.

Lamentation has never been our province. You, the class of 1963, must be the future candle lighters, especially in our present day world, where there is so much darkness. In performing your duties, may our congratulations, prayers and hopes go with you.

Through core or citizenship education the students in the special class receive training that will help them take their place in society. They are taught the basic skills in reading, spelling, math and English. Science, music and art are taught for appreciation and understanding; shop and homemaking are taught to give an understanding of tools and an opportunity to learn how to use them and make life more meaningful. These students are eligible to take part in extracurricular activities. Linda Coleman is a member of the Senior Chorus. Duane Hoadley, David Ferguson, and Richard Lawson have passed requirements for operating a movie projector. Linda Coleman, Robert Hendrickson, Steve Burkholder and Duane Hoadley participate in the work training program. We are proud of these students and their endeavors in our school and wish them the best as they take their place in society.

Student Council

GARY RICHTER

I feel that the student government, the Student Council, has functioned very well this year. Through the Council we have developed an efficient system of communication between the administration and the student body. Many student problems and suggestions have been considered and acted upon by the administration.

The Council is sponsoring its first foreign exchange student, Mario Comero.

MARIO COMERO

It is probable that next year's Council will continue a foreign exchange program.

This year there has been wonderful co-operation from the members of the Council which is most important for a successful student government. The Council's officers have been very industrious and efficient. I would like to thank them and the members of this year's Student Council for making it a rewarding year, and join with them in wishing success to next year's Council.

COACHES: Mr. J. Consagra, Mr. R. Ellis, Mr. R. Crittenden, Mr. R. Harris.

The 1962 football season was a building year. From a squad of 58 players, only 3 were seniors. The bulk of the players were from the sophomore class. The players reached the heights in a 13-6 win over Walton, last years co-champions, but couldn't maintain the pace in the tough Susquenango league. The blocking and tackling improved tremendously over that of last year. The "line" averaged 155 pounds to a man, and gave a good account of itself. The most important aspect of the 1962 team was its attitude and team spirit. They have acquired a desire to excel and win. Before each game the players had the feeling they would win if they played to the utmost of their ability. This new desire to win, and the experience gained from last year, will make

Greene a team to be reckoned with when the football season begins next September.

We are going to miss you: Harvey Stalker, Ed Cobb, Carl Vander Bunt, Gary Richter.

Champs

The Trojan Cross Country team was an amazing surprise this year and from a mediocre team last season and only two first string boys left, they were fortunate to have several new members in Jim Foran, Phil Sherwood, Tony Poole, Andy Pearl and Stephen Bottle. This with the fine improvements of Warren Pratt, Jim Blakeslee and Paul Luce, gave to the team competitive spirit, along with a fine desire to win as a team. Results were, The Susquenango League Championship and the Section IV B Championship. The six freshmen who did very well all year should really keep the team on a championship trend in 1963. We congratulate them as champions and true sportsmen.

Varsity

Although the 1962-63 season was hardly one of success, it was not one of failure. I would call this a building year. The team this year was faced with replacing the openings left by the loss of four starters of last year. A few of the thrills of the season came when we nearly upset Whitney Point on their home court and then nearly knocked Delhi out of first place on our home court.

Next year our four juniors will be back and with the talent on this years J.V. team, it should be one of the best in G.C.S. Basketball.

The 1962-63 J.V. basketball team had a successful season, with a record of 10 wins and 6 losses. The team was aggressive and had a tremendous desire to win. Next years varsity should be greatly enhanced when this team moves up to fight for varsity positions. There was no one outstanding player on the team. It was a team that won because of team play and the excellent knowledge of fundamentals. It had fair speed, good ball handling, and exceptional hustle.

Varsity Wrestling

The Greene Central Wrestlers, under Coach Bub, completed their thirteen dual match season with a 6 and 7 record. The team made a fine showing in the League Finals this year with one champion, Art Zeigler, two seconds, Bill Davis and Art Calice, four thirds, Gil Rogers, Dave Thorpe, Dale Fairbanks, and Frank Helman and two fourth places, Dan Brown and Gerry Cole. Physical Fitness

Sophomores

The ninth and tenth grade girls are continuing the tradition of winning that girls of our school have always enjoyed. Having watched their accomplishments this year, we know that they will serve to improve the fortunes of the Girls' Phys. Ed. Department.

Freshmen

The seventh and eighth grade girls are having the new experience of playing with other schools. We wish them luck as they continue in intramurals and hope they will bring back many honors and trophies to G.C.S.

Resolution

We do so declare that prior to the publication of this yearbook we had no knowledge of its final outcome. We had not been previously confronted with any work of its kind and we sincerely hope that our originality will be appreciated.

We would like to acknowledge our debt of gratitude to our advisor, Mr. Evans, for his leadership.
