A Vast New World

+

History of the
past

=

the Present & Its
Problems with
which the "Now"

Generation must learn to cope.

Our World, Our Times

The world is as we see it -
And our world is Greene Central.

This is ours -
a point in space,
a point in time,
a year
defined and indefinable.

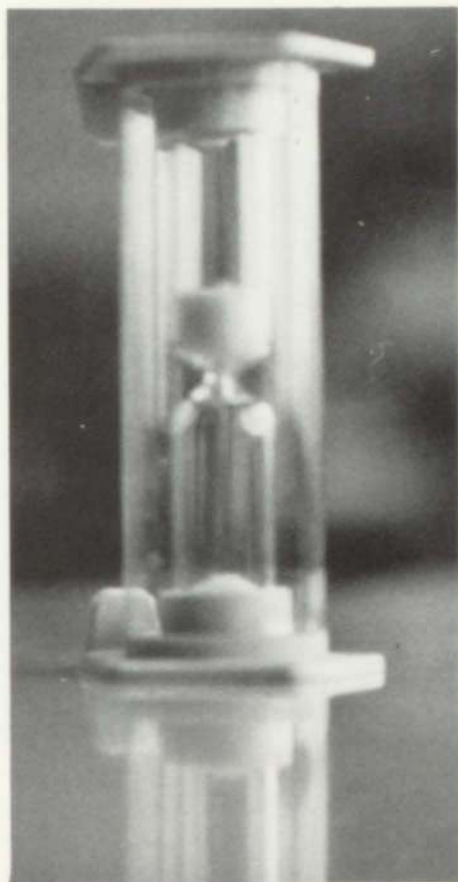

It is
the close look,
the far vision -

It is things
as we see them,
as we dream them,
as we wish they were.

It is
the thrill of existence,
the delight of understanding,
the dread of the future,
the response to our demanding world.

For this is today -
and today borders on the past
and extends into the future
to college,
to work,
to Viet Nam.

Our World, Our Times.

Soul on Ice

Our Senior year is ending
Like many another has passed.
And our thoughts turn to times we shared
And to memories that will last.

Our fears probe the future.
Our resources must be mined.
New plans emerge with pathways blurred
The choice by environment timed.

For the Class of 1970
Greene Central fades behind.
And the fates decree the way we take
And the mountains to be climbed.

Take time to work -
 It is the price of success.
 Take time to think -
 It is the source of power.
 Take time to play -
 It is the secret of perpetual youth.
 Take time to read -
 It is the fountain of wisdom.
 Take time to be friendly -
 It is the road to happiness.
 Take time to dream -
 It is hitching your wagon to a star.
 Take time to love and to be loved -
 It is the privilege of the gods.
 Take time to look around -
 It is too short a day to be selfish.
 Take time to laugh -
 It is the music of the soul.
