*Greene Central School
is many places*

*Greene Central School
is many people*

*some of us students,
some of us teachers,
all of us learners.*

*we are all here to grow,
we are here to learn,
we are here to share.*

*As students, we depend on many people
for so many different things which help us grow.*

*Our growth and
learning depend
so very much*

*on what they choose
to offer to us
On when they choose
to offer it to us
On why they choose
to offer it to us.*

*For our learning does not run from 8 to 3
in nine neat daily time zones,*

*But rather
in fitful spurts*

*at odd and varied moments,
in as many different times and places.*

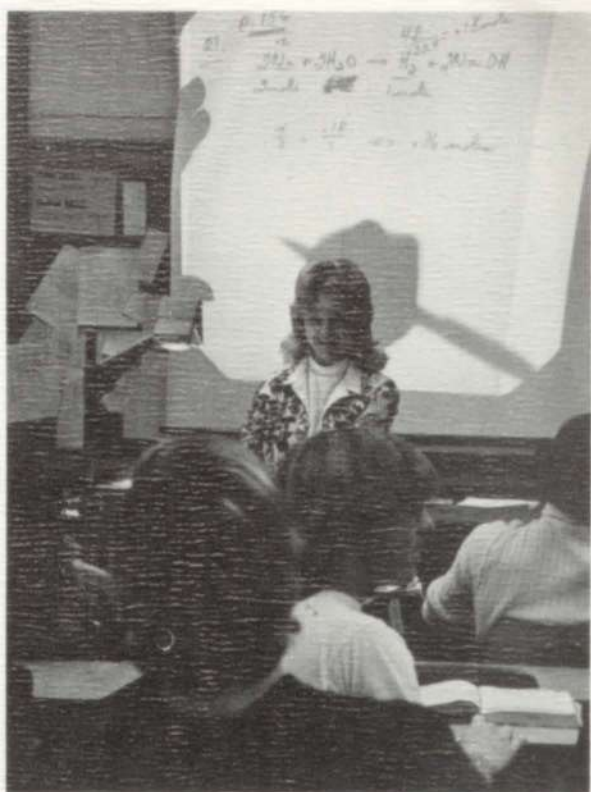

*And we need so much
to have someone
who is ready to be there
when we are there
and ready to learn.*

*Someday we will remember
all of the things you taught us,*

*We will recall and appreciate
all of the times when you made
the extra effort to be there,*

*and hopefully,
we will also learn
the special kind of love
which alone can explain
why you ever chose
to give so much to us.*

*The Senior Class
fondly dedicates
this 1975 Greenelite
to Linda Hughes*

The success of this year's archery team, as well as many past teams, may largely be traced to the enthusiastic efforts of their coach, Mrs. Lura Wilson. Mrs. Wilson's many contributions to Archery at local, state, national, and international levels has been widely praised and have been honored most fittingly this year by her induction into the New York State Lifetime Hall of Fame. Mrs. Wilson joins a select group of outstanding leaders and teachers who have made a significant contribution to bring about greater participation in sports which may be played throughout life.

"We travel together, passengers on a little space ship, dependent on its vulnerable supplies of air and soil . . . preserved from annihilation only by the care, the work, and I will say the love, we give our fragile craft."

ADLAI STEVENSON

Our little space ship
here at G.C.S.
has been our whole world
for many years.

Occasionally we have had
short shuttle flights
which have shown a larger world
somewhere beyond our own.

Some of us now leave this little ship
for a flight into that world.
And we now begin to see the value
of the care, the work — and yes,
even the love — which we have
experienced while on board.

In leaving this fragile craft
we leave it to you in trust
care for it, work for it, and learn
somehow to even love it.
It is a rare and special craft.
