

THIS IS US

this is me

september blues on my old sweat shoes
but no rainy monday streaming down my face
off i go into the crowded streets
to the telephone booth
dial a wrong number to see who answers the phone
will i ever hear that voice again?

i have been calling for hours
different names and soundings
scattered in the wind
will i ever hear those voices again?

strolling through the garden of a park like place
i will never be able to call them all
i just wanted to say hello.

DEDICATION

WE THE PEOPLE . . .

The Class of 1989, do hereby dedicate this yearbook, "This Is Us," to Mr. Dave Daniels and Mr. Bill Case. Not only have they taught us the basics, but they have also taught us about life. They have encouraged us to strive for our goals and to be proud of our accomplishments. For all of the time and care that you have put into our lives, we want to say, "Thank You." The Senior Class proudly presents this small token of our appreciation to these two teachers who have earned our respect and our honor!

EXCHANGE STUDENTS

Aluizio Pacheco and Mike McMorrow

Well, my year is almost done in the USA. When I came to the USA, I found good and bad people. Everything was new and I can't deny I missed home. It was hard in the beginning to be one of the gang, maybe because of the language problem. But, I knew everything was part of the great experience I was here for.

The time passed and today I'm living the good part of the experience which is having many friends, speaking the language, playing soccer or basketball, really enjoying school and city.

Today, I can say the USA is a great country which I consider home. The people as well are great, and I've learned many new things from the Americans. I'll never forget this country and I know, I'll come back as soon as possible to see all of you again.

Aluizio Soares Pacheco

G'day,

I could write a book about all of my experiences in Greene. I consider myself very lucky to be sent here, I've found it near perfect for an exchange student to come. I've attended a fine school, had a great Rotary Club, two awesome counselors, four fantastic host families, met lots of people and had ten of the closest and best friends a man could ever have. My time here never would have been the same without them.

I've been fortunate enough to play football, baseball, wrestle and see sights I could never have seen in Australia. I'm anxious to see my family and friends, but I will be sad to leave the town I've become so attached to.

If any of you are ever in Australia, you've got a place to stay.

We Got You!!

The background of the page is decorated with various geometric shapes. There are several circles of different sizes, some of which are filled with a stippled pattern. Scattered throughout are numerous small, solid black rectangles. In the corners, there are larger geometric shapes: a triangle with internal lines in the top-left, a solid black square in the top-right, and another triangle with internal lines in the bottom-right. The word "ACTIVITIES" is written across the center in a large, bold, hand-drawn font.
