SIGNS OF HER TIMES

SIGNPOSTS

On behalf of the Class of 2001, we would like to dedicate this edition of the Greenelite to Mrs. Linda Golicki.

Kind words can be short and easy to speak, but their echoes are truly endless.

Mother Theresa

To love what you do and feel that it matters--how could anything be more fun?

Katherine Graham

The key to everything is patience. You get the chicken by hatching the egg...not by smashing it.

Arnold Glasow

What lies behind us and what lies before us are tiny matters compared to what lies within us.

Ralph Waldo Emerson

Character may be manifested in the great moments, but it is made in the small ones.

Phillips Brooks

Good luck in all your future endeavors. You have set us on this road, guiding us through the hills and valleys of our time at GCS with lessons that will last a lifetime. The time that you spent with us has taught us to go the distance.

Yearbook

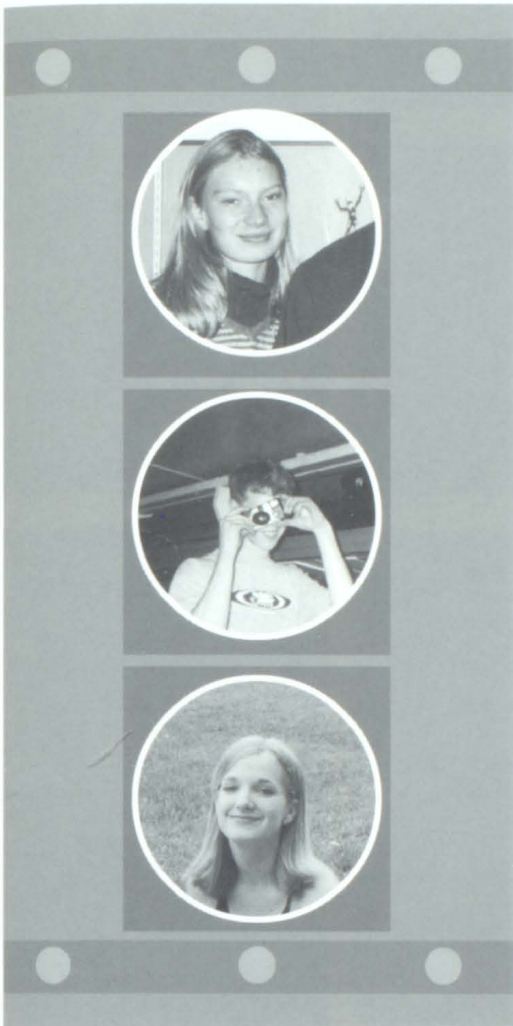

"The miracle is this...the more we share, the more we have."

Leonard Nimoy

Through the expedition that has been the last thirteen years, we have shared a lot, from fingerpaints on the first day of kindergarten to the emotional last days of high school. There have been tragedies and triumphs. We have been passengers together on the road of life. No matter where your road takes you, our paths have all crossed at the same place and at the same time. Using GCS and our hometown of Greene as a vehicle, we have shared the adventure called growing up. Even though some people have left the vehicle and others will never leave it, Greene will be always be the place where we learned how to navigate our lives. As we reach the next intersection in our journey, I want to wish you all the best of luck.

Never forget that the road also leads home.

Peace, Love, and Happiness,
Michelle Day
