Greenelite Yearbook

An hourglass is shown with a stream of golden, 3D-style numbers falling from the top bulb into the bottom bulb. The numbers are scattered and appear to be in motion, creating a sense of time passing. The background is dark and textured.

THE 2013 YEARBOOK IS DEDICATED TO...

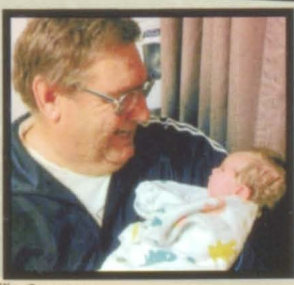

Since 1980 Mr. Burghardt's voice has boomed through the halls, across the gymnasium, and over the ballfields at GCS. His students quickly learn that although his intense commands can be intimidating, it is his silence that should cause them concern! As a math teacher and a winning coach, he cares for athletes and students with a quick wit and a focused instruction that results in successes on and off the field. His care and concern for his students and athletes goes far beyond the classroom. For those reasons and many others, Mr. Burghardt, we thank you and we dedicate the 2013 Greenelite Yearbook to YOU. When you exit the doors of GCS in June, you will take all our best wishes with you. We will greatly miss your tough and gruff exterior which hides the teddy bear we've come to love.

Greene Way

Bullying is when someone repeatedly and purposefully says or does mean or hurtful things to another person who has a hard time defending himself or herself.

- We will not bully others.
- We will try to help students who are bullied.
- We will try to include students who are left out.
- If we know that somebody is being bullied, we will tell an adult at school and an adult at home.

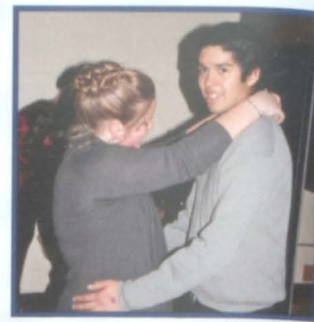

On January 31st, Greene High School students had a full day of activities to kick-off a bullying awareness program. Matching t-shirts were kindly donated by a local business for every student, faculty and staff member to wear for the day. The students were divided into groups and had three different carousels throughout the day, each one covering a different bullying topic. One of the carousels was led by Mr. deHaan's Public Policy BCC class. During lunch, Officer Dutcher came to speak to the students about cyber bullying. The students ended the day by having class meetings to discuss the events of the day and brainstorm how we can keep the bullying awareness program in our school alive for the entire year and not just for one day.

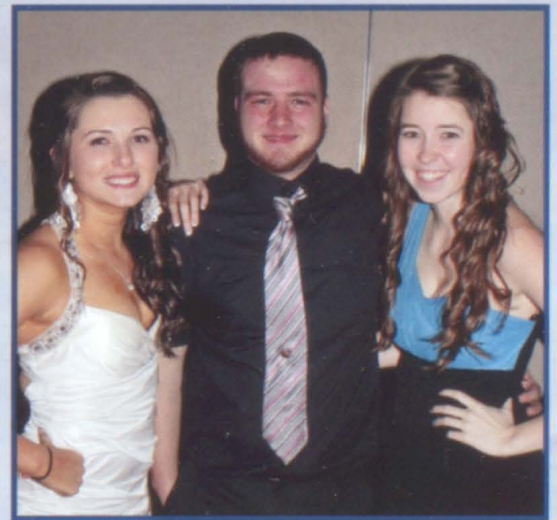

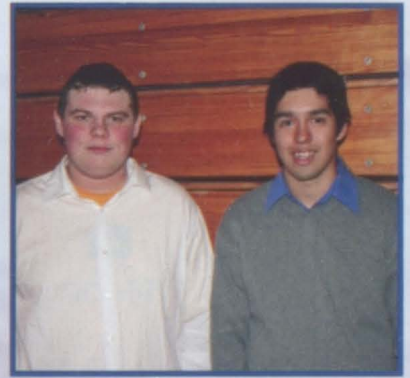

In the middle of the day we had singer/songwriter, Jared Campbell come give an inspirational message to the students. Everyone really enjoyed him and walked away feeling challenged to be a better person!

SUPPORT

An hourglass is the central visual element, oriented vertically. The top bulb is filled with a layer of small, light-colored beads. The bottom bulb contains a photograph of a large, white brick industrial building with a dark roof. In the foreground of the photograph, a tall, grey, rectangular sign stands on a grassy area. The sign has the word "RAYMOND" written vertically in large, bold, red, three-dimensional block letters. To the left of the sign is a small tree, and to the right is a large, round arrangement of yellow flowers. The background of the photograph shows a hillside covered in trees with autumn foliage in shades of green, yellow, and orange. The sky is overcast. The entire scene is framed by the glass of the hourglass, which is set against a dark, textured background.

Daniel Treadwell

Dear Daniel,

A boy and his dad on a fishing-trip.
There is glorious fellowship!
Father and son and the open sky,
And the white clouds lazily drifting by.
And the laughing stream as it runs along,
With the clicking reel like a martial song.
And the father teaches the youngster all day
How to land a fish in the sportsman's way.

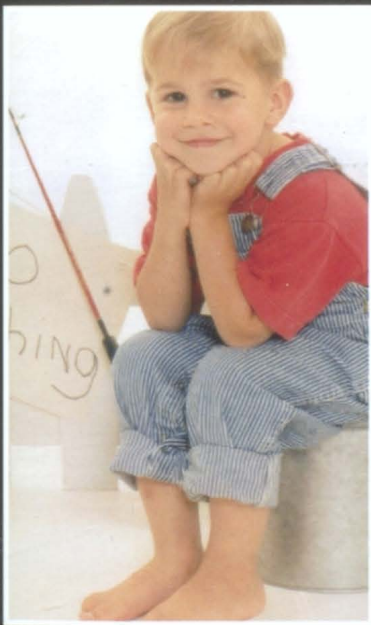

I fancy I hear them talking there.
In an open boat, and the speech is fair.
And the boy is learning the ways of men
From the finest man in his youthful ken.
Kings, to the youngster cannot compare
With the gentle father who's with him there.
And the greatest mind of the human race
Not for one minute could take his place.

Which is happier, man or boy?
The soul of the father is steeped in joy.
For hes finding out, to his heart's delight,
That his son is fit for the future fight.
He is learning the glorious ways of him,
And the thoughts he thinks and his every whim;
And he shall discover, when night comes on,
How close he has grown to his little son.

A boy and his dad on a fishing-trip,
Builders of life's companionship!
Oh, I envy them, as I see them there
Under the sky in the open air.
For out of the old, old long-ago
Come the summer days, we used to know.
When we learn life's truths from our father's lips.
As a father and son share a fishing-trip.

Brandi Alexis Fiester

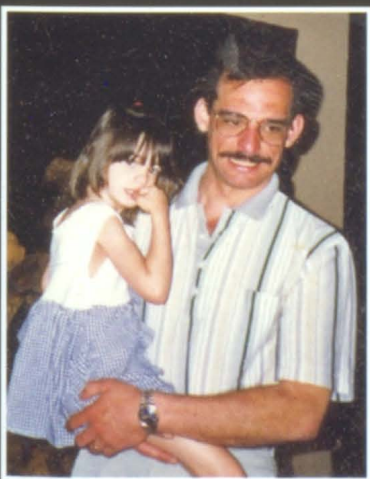

It's funny that I have no idea where to start when it comes to you. So I think back... I bet your glad the nickname punky punky never stuck. I am so glad your hair doesn't stand straight up anymore too. It's amazing that you became so focused on your studies and self-motivated. When you were learning to walk you must have been the laziest baby ever! You would crawl rather than walk to your destination. You have always been so fascinated with nature and animals. It was such a wonderful experience watching you so fascinated with bugs and caterpillars. The neighbors were always amused and still talk about you always wearing dresses and riding your bike. It's almost impossible to get you in a dress now, funny how that works. Do you remember having to help dad in the garden hmmm... now your older remember just because it's hot and dad has his shirt off doesn't mean its ok for you.

Brandi we wish you the best in all you do and as always we are here to support all the choices you make. How wonderful it has been watching you develop and grow into the charming sweet young lady you are today. Halia will miss arguing with you next year while waiting for the bus to come which no one can win due to both of you thinking your both right.

Well it's time to acknowledge the baby has grown up, now hopefully your sisters treat you more as an equal now. There are a lot of stories behind that. Now that you graduate and start the rest of your life always remember where you come from and be proud of who you are.

Love and best wishes always,

Daddy, Mommy, Danny, Stevie and the girls... Tiffany, Ashley, Kebrina & Halia

"Look Through My Eyes"

There are things in life you'll learn, In time you'll see, Cause out there somewhere, It's all waiting, If you keep believing

So don't run, don't hide, It will be all right, You'll see, Trust me, I'll be there watching over you

Just take a look through my eyes, There's a better place, somewhere out there, Just take a look through my eyes

Everything changes, You'll be amazed what you'll find, If you take a look through my eyes

There will be time on this journey, All you'll see is darkness, Out there somewhere daylight finds you, If you keep believing, So don't run, don't hide, It will be all right, You'll see, Trust me, I'll be there watching over you

All the things that you can change, there's a meaning in everything, And you will find all you need
There's so much to understand.... Love Mom and Dad

Congratulations your taking the next step. I hope all works out for you in your next step in life. Love ya bro
Al

Neil, WOW, a senior already! I feel like time flew by and just yesterday you referred to as my "little brother" in the school halls but your not so little anymore huh? A few words of advice "little brother", don't rush life. I know if your anything like me (which you are because I'm awesome) your probably thinking the same thing when all those adults, teachers, coaches, and mentors are telling you "your going to wish you were back in high school and young again". You didn't believe them, I didn't either but take it from your "big sister", you ARE going to miss it! I'm sure you got taste of what they mean at your last soccer game and I'll be honest your going to get that feeling again and again. So cherish every moment go to college, make mistakes, play soccer as long as your body will let you, and never forget where you came from, who got you to where you are and who made you who you are. I couldn't be more proud of the young man my "little brother" has become. You've accomplished more than you give yourself credit for and whether I've told you often enough or not I'm one of your biggest fans. Keep up all the hard work and go play some college soccer, will ya? Love always "your big sister", Kara

Neil, never doubt your capabilities. Anything is possible for you. You have loving, caring, and supportive family and friends that have helped to create a "backbone" for your future. I am so lucky to have a great friend and wonderful brother in my life. Keep your chin up and your goals high. Nate
